

Space-Related Writings and Publications of Eilene M. Galloway: 1957-2009 – A Work in Progress

Version 1: November 2009

Eilene Galloway was a prolific writer during her 52 years as a space policy and law specialist. In 1999, her friend Margaret Roberts organized all of the copies of Eilene's non-congressional writings and publications that Eilene had at her home. Though it is an impressive collection, it is not complete. Other pre-1999 publications are included in a list that appears in *Space Law: Development and Scope*, by Nandasiri Jasentuliyana, ed., pp 257-261.

Eilene continued to publish during the last 10 years of her life (1999-2009), but the record is less clear. The papers for that decade listed below are those that were at Eilene's home or kept by friends.

The following list therefore is a work in progress. Citation information is provided as available. Additions or corrections are welcome. Marcia Smith compiled the list and maintains the master copy, so please email her at marcia.s.smith@gmail.com with any changes to be made. This and updated versions will be posted at SpacePolicyOnline.com, [International Institute of Space Law](http://InternationalInstituteofSpaceLaw), and [University of Mississippi School of Law](http://UniversityofMississippiSchoolofLaw).

Items marked with an asterisk (*) indicate those that are not in Eilene's personal collection. If anyone has a copy, we would be happy to add it to the collection. Email to the above address or mail to: Marcia Smith, 6015 North 9th Street, Arlington, Virginia, 22205.
